

Chapter D Participant's Information

It is necessary to provide the Chapter with the following information if you wish to receive special mailings and telephone calls reminding you of Chapter events. In general, you are considered an active Chapter participant if you frequently attend Chapter functions. However, after 3 months of non-participation at Chapter meetings or events, the Chapter has the right to remove you from the phone list. If there is a reason you cannot attend Chapter functions for an extended period of time, notify the Chapter Director so your name will not be removed from our active list.
